GREGORY JOSEPH TORRANO

Notice of Data Breach

Dear Gregory Joseph Torrano,

Horizon Actuarial Services, LLC (Horizon Actuarial) is writing to make you aware of a data privacy incident that may affect the privacy of some of your information. Horizon Actuarial provides technical and actuarial consulting services for benefit plans in the United States. You are receiving this letter because you or your family member are or were a participant in, or had contributions made on your behalf to, the following benefit plan(s): Central Pension Fund of the International Union of Operating Engineers and Participating Employers (collectively, the "Fund"). Information was provided to Horizon Actuarial for business and compliance reasons. This letter provides details of the incident, our response, and resources available to you to help protect your information, should you feel it is appropriate to do so. If you have any questions about this incident or the resources available to help protect your information, please contact our assistance line at **1-855-541-3574** for more information. Our dedicated specialists are best equipped at answering your questions. For that reason, please do not call your Fund administrator.

What Happened? On November 12, 2021, Horizon Actuarial received an email from a group claiming to have stolen copies of personal data from its computer servers. Horizon Actuarial immediately initiated efforts to secure its computer servers and with the assistance of third-party computer specialists, launched an investigation into the legitimacy of the claims in the email. Horizon Actuarial also provided notice to the FBI. During the course of the investigation, Horizon Actuarial negotiated with and paid the group in exchange for an agreement that they would delete and not distribute or otherwise misuse the stolen information.

The investigation revealed that two Horizon Actuarial computer servers were accessed without authorization for a limited period on November 10 and 11, 2021. The group provided a list of information they claimed to have stolen. On January 9, 2022, we determined potentially sensitive information was located in one of these files. We provided notice of the event to the Fund beginning on January 13, 2022, and subsequently provided a list of affected individuals. Horizon Actuarial began mailing letters to individuals associated with benefit plans that authorized them to do so.

The Fund's computers were not affected by the security incident. Any benefits that may be due have not been, and will not be, impacted by the security incident.

What Information Was Involved? Our investigation determined that the following types of information related to you may have been impacted: Social Security number, name, birth date.

What We Are Doing. Horizon Actuarial takes this incident and the security of information in its care very seriously. Horizon Actuarial is reviewing its existing security policies and has implemented additional measures to further protect against similar incidents moving forward.
